INTER-DOMINION TROTTING CHAMPIONSHIPS

A BRIEF HISTORY

It was at a meeting in Sydney on June 18, 1935 at which the various trotting controlling bodies in Australasia were represented that the Inter-Dominion Trotting Championships were inaugurated. It is hoped that each State in the Commonwealth and New Zealand can take its turn in staging the outstanding classics of the light harness sport.

The Inter-Dominion Trotting Championships Committee which will stage the 1939 series at Launceston is made up of representatives of the Northern Tasmanian Trotting Club and Danbury Park Trotting Club. Stakes to the value of £3,500 have been provided for the 4 days, which is outstanding in Australia for a city of the size of Launceston. This generous allotment of prize money was made possible by the whole-hearted support of the business and sporting people of the State.

Previous winners of the Championships are:

Year. Where held	Winner.
1936 Perth, W.A.	Evicus (Tasmania)
1937 Adelaide, S.A.	Dan's Son (Victoria)
1938 Christchurch, N.Z.	Parisienne (N.Z.).

In the event of dead-heats, the points shall be equally divided, except in the case of fourth place, where the point for that place shall be equally divided. The 10 horses which aggregate most points (provided they compete in heats over each distance) shall be eligible for, and shall compete in the Final.

Where horses score the same number of points, the Committee shall decide on the number of starters in the Final.

COLOURS

Owners' attention is drawn to the following rule, which will be strictly enforced:—
"Any persons whose rider appears in colours other than those specified at time of entry may be fined a sum not exceeding One Pound (£1)"

THE DIFFERENCE OF SPEED ON TRACKS

FIGURES OF WORLD'S CHAMPIONS

TROTTERS	½-mile Track	1-mile Track.
Greyhound	1.59¼	1.55¼
Peter Manning	2.2¼	1.56¾
Uhlan	2.5¼	1.58
Nedda	2.4¼	1.58¼
	<hr/>	<hr/>
	8.11½	7.48¼

The difference shown by four world's champions average 5.815 seconds slower on the half mile track.

PACERS

PACERS	½-mile Track	1-mile Track
Dan Patch (free-legged)	2.1	1.55¼
Directum I. (free-legged)	2.2¾	1.56¾
Single G. (free-legged)	2.1	1.58½
Winnipeg (hopped) ..	2.1	1.57¾
	<hr/>	<hr/>
	8.5¾	7.48¼

The difference shown by four world's champions average 4¾ seconds slower on the half mile track.

VAN DERBY.—Against time with flying start this stallion went 2.8 1-5 at Elphin at the Launceston Show. On above average on a mile track he would have recorded approximately 2.3¼.

PENDANT.—At Scottsdale in a race standing start, this mare went 2.10. By deducting the average of 4¾ above and allowing the general 3 seconds for flying start, it can be assumed that the mare's performance would be equal to a little outside of 2.2 under American conditions. Scottsdale track is 2 chains short of half a mile.
