## REGULATIONS GOVERNING THE COMPUTATION OF DIVIDENDS

### WIN AND PLACE BETTING

1. Any Totalisator Club may operate in accordance with any system authorised by these Regulations, not more than two separate pools on different Totalisators, or parts of a Totalisator, in respect of any race for which the Totalisator may be lawfully opened.

2. If the number allotted on the Totalisator shall be four or less the dividend shall be paid on the first horse only.

3. Any such Club may, in respect of any race in which the numbers allotted on the Totalisator shall exceed four, operate two pools, in which case it shall pay on one of such pools a dividend on the first horse only and on the other pool (hereinafter referred to as "the place pool") dividends computed in accordance with Regulation 4 hereof.

4. In respect of the Place Pool the following provisions shall apply:—

(a) The amount available for payment of dividends on the Place Pool shall be divided into as many equal parts as there are horses placed in the dividend bearing places and each such part shall be divided among the investors on one of such horses, notwithstanding that by reason of any dead heat or dead heats the number of such horses shall exceed the number of dividend bearing places.

(b) For the purpose of this Regulation horses included in the same bracket and filling dividend bearing places shall be reckoned separately and the sum to be divided among the investors on such bracket shall be the sum of the several amounts allotted to each of such horses;

(c) In computing dividends no account shall be taken of any horse on which no tickets shall be taken and in such case the pool shall be divided into as many equal parts as there are horses, on which tickets have been taken, in dividend bearing places.

Provided that where the dividend bearing places are first and second only, and by reason of the operation of this condition there is left in those places not more than one horse in respect of which a dividend can be computed a horse or dead-heating horse placed third shall be deemed to be in a dividend bearing place, save that nothing in this proviso shall operate to allot for division between such dead heating horses any greater share of the pool than the amount that would be allotted to one horse running third.

(d) The dividend bearing places shall be:—

I. Where there are five, six or seven numbers allotted to the Totalisator, first and second places.

II. Where there are eight or more numbers allotted on the Totalisator, first, second and third places.

III. Where in respect of a race in divisions the Totalisator is opened once only, first and second places in each division.

5. If in any pool the dividend is to be paid on the first horse only, then—

(1) The whole of the amount available shall be divided among the investors on the horse or horses placed first.

(2) If no ticket shall be taken on the horse or horses placed first, the next placed horse on which tickets have been taken, being no further back than third, shall be deemed for dividend computing purposes to be the first horse.

6. If any Club shall operate more than one pool the following conditions shall apply:—

(1) Investments shall be received separately for each pool.

(2) All pools shall be closed simultaneously; and

(3) Each pool shall both as to investments on the several horses and the total investments be kept separate and distinct.

7. If in respect of any pool shall be no horse in respect of which a dividend, computed in accordance with these Regulations, can be paid, or unless the race is to be trotted again. If the race shall be declared void, the amount paid for each ticket, less the amounts required or permitted by law to be deducted therefrom, shall be refunded.

### NOTICE TO RIDERS AND DRIVERS

Any Rider or Driver speaking to any person, with the exception of an official, after leaving Birdcage will be fined.

### PAYING OUT

Under the Rules of Trotting, Dividends cannot be paid until five minutes after the finish of any race. This is to allow time for protests. Accordingly, there is no more than 18 minutes between races to collect Dividends from pay-out windows. It is practically impossible for patrons to collect off one race and have time to invest on the next. This conforms to overseas experience. Either have someone else to place investments for you or hold your Dividend-bearing tickets and collect periodically at late Dividend windows.

### QUALIFYING RACES (or Heats of same)

The aim of the Championship Programme Committee is that there will not be more than two heats in any Qualifying Race and not more than 14 horses in any one heat. The Committee reserves the right to vary these figures.

Heats of Qualifying Races will be run as separate races and the Totalisator will be open on each heat separately.

Qualifying points for the Championship Grand Final will be awarded to the placed horses in each heat as follows:

First horse	....	....	....	4 points
Second horse	....	....	....	2 points
Third horse	....	....	....	1 point

Three points will be awarded to the horse placed first, second, third or fourth running the fastest time in each heat.

In the event of a dead-heat the points for the place or places filled by the dead-heating horses will be divided equally between or among them. In the event of two or more placed horses returning the fastest time the points for fastest time will be divided equally between or among them.

The twelve horses which gain the greatest aggregate of points, shall be eligible to start in the Grand Final, subject however, to the Championship Programme Committee having power to increase the number of starters above the number of 12, and to select the additional starters. Where two or more horses gain the same number of points, the Championship Programme Committee shall decide which will start in the Grand Final.

GREEN DOUBLES DIVIDEND FOR £1 : :

## THE DOUBLES TOTALISATOR

Patrons are requested to make themselves familiar with the Doubles Totalisator Regulations, which are as follows:—

The unit of investment on the "First Leg" will be 5/- and tickets of £5, £1, 10/- and 5/- value on the "First Leg" only will be on sale from all the Doubles windows.

Every investor shall select a starter to win the "First Leg."

The holder of any ticket on the first horse as defined in the Regulations in the "First Leg" may change such tickets as follows: £1 tickets, for £1, 10/- or 5/- tickets, each of which may be invested on any starter in the "Second Leg." 10/- tickets: (a) For a ticket of the same value on any starter in the "Second Leg" or (b) for 5/- tickets each of which may be invested on any starter in the "Second Leg"—at the Doubles windows. Such windows will be opened after the winner of the "First Leg" has been declared.

If any ticket is purchased on a horse which does not weigh out for, or which is for any reason withdrawn from, the "First Leg" BEFORE the Doubles Totalisator is closed for that race, the holder of a ticket on any such horse shall be entitled at his option to a ticket on any other starter, or to a refund, provided that no ticket shall be exchanged at any time after the Doubles Totalisator closes for the "First Leg." If the horse withdrawn is bracketed with another horse even though the latter horse is a starter the holder of a ticket on the bracket may similarly either exchange his ticket, obtain a refund or retain the ticket.

If any ticket is purchased on a horse which does not weigh out for or which for any reason is withdrawn from the "First Leg" AFTER the Doubles Totalisator is closed for that race and before the Starter declares a start the investment may be refunded on the Stewards' decision. This does not apply to any horse which forms part of a bracket with any horse or horses and which start.

If a horse does not weigh out, or is for any reason withdrawn from the "Second Leg" BEFORE the Doubles Totalisator is closed for that race the holder of a ticket on any such horse must exchange his ticket for a ticket on a starter otherwise he forfeits all claims on the pool unless the withdrawn horse is bracketed with a starter, in which case the holder may exchange or retain the ticket.

If any ticket is purchased on a horse which does not weigh out for or which is for any reason withdrawn from the "Second Leg" AFTER the Doubles Totalisator is closed for that race and before the starter declares a start for that race if the horse is bracketed with another or others the investment will remain on the other horse or horses in the bracket but if it is not bracketed all ON COURSE investments on the Doubles Totalisator will be transferred to the ON COURSE FAVOURITE as determined by the Stewards in accordance with regulations under the Rules of Trotting and by reference to investments made ON COURSE only. In accordance with the Rules of Totalisator Agency Board OFF COURSE investments will be transferred to the OFF COURSE FAVOURITE. The ON COURSE FAVOURITE may be a different horse to the OFF COURSE FAVOURITE.

In the event of a dead-heat for first place in the "First Race" the pool will be divided into as many equal parts as there are horses dead-heat. Should two starters dead-heat for first place the two pools will be known as "A POOL" for the lower numbered horse and "B POOL" for the higher numbered horse. Separate windows will be provided for "A POOL" and "B POOL" tickets.

Special information relating to the Double will be displayed on the notice board located on the Totalisator building. Similar information will be broadcast.

Patrons are especially warned against destroying their tickets on the Double until the dividend has been declared.
