## FALSE STARTS

The THRB has adopted the following policy in respect of false starts in mobile races, to commence from 8/4/94.

Firstly, if a horse misbehaves and causes a false start, it will score up from its allocated barrier position for the second attempt. (In extreme cases, Stewards may still scratch a horse or send it to the outside after the first offence),

Secondly, if it again causes a false start it will be sent to the outside.

The starter will still call false starts only if a horse is interfered with or denied a fair chance to start. No false start will be called simply if a horse misbehaves without interfering with other runners.

Tasmania was the only State which sent an offending horse to the outside after it caused a first false start.

The procedure outlined above is in line with the system currently operating in Victoria.

## MOBILE START PROCEDURE

In most cases a false start in a mobile barrier event will only be declared in accordance with Rule 216.

### RULE 326

The Starter may defer the start if at the designated starting point:-

- (a) a horse has fallen;
- (b) the chances of any runner have been or are being materially affected by interference;
- (c) a horse has broken equipment;
- (d) any horse is not fully behind the arms of the barrier or if a horse scores ahead of the barrier;
- (e) any horse is likely to gain an unfair advantage; or
- (f) any horse has by reason of its position at the start been denied a winning opportunity, provided that a start will not be deferred merely by reason of the fact that a horse is in a break or because a horse is back from its barrier position at the time of starting.

Provided that the Starter will always have the power to abort a start as outlined in Rule 317, should something untoward occur.

### RULE 317

The Starter shall endeavour to get all horses away in position and in gait and may abort a start should he for any reason not be satisfied with the score up.

B BAUDINETTE, T CROSS, D TYSON, I BRAY (SWABS), P HALL (STARTER)

TRACK: GOOD

WEATHER: FINE

RACE 1: Hurricane Harry broke soon after the start and briefly inconvenienced Brawley. Ragged Jack raced rough and then broke leaving the back straight. After talking to trainer Brian Mackrill about the performance of Ragged Jack which was having its first start for him, stewards advised Mackrill that they would allow the horse to race at Mowbray on Sunday, however if there wasn't a significant improvement in its manners the stewards would consider standing this gelding down for some considerable time. Gypsy Jake raced rough when under pressure. Scenic Town raced rough for a short distance leaving the back straight on the final occasion. Trainer Kerry Christie (Gypsy Jake) was reprimanded for his misconduct towards driver Barry Rattray following the event.

RACE 2: Amazing Success hung out in the score up checking Future Wipe and Voldys Dollar causing a false start. Medoway tired noticeably over the concluding stages. After the event it was noticed that Voldys Dollar's earplug cord had wrapped around the offside hind hopple carrying strap. Gavin Lang (Barrington Byrd) was reprimanded for not maintaining his barrier position. Barry Rattray (Future Wipe) was reprimanded for the manner in which he crossed to the rails rounding the first turn briefly inconveniencing Amazing Success.

RACE 3: Lindsay Harper (Oroton Hill NZ) was fined \$100 for failing to make sufficient effort to maintain his correct barrier position. Brian Hancock (Our Sir Vancelot NZ) pleaded guilty to moving away from the one out line and as a result he jostled and inconvenienced Oroton Hill NZ. Hancock was fined \$200. As a result of this movement Our Sir Vancelot NZ was in a half cart position racing to the turn between Oroton Hill NZ and Bradshaw. Our Sir Vancelot NZ had insufficient pacing room and as a result had to be steadied by its driver which caused the pacer to break gait and gallop. Dennis Wilson (Kentuckiana NZ) was reprimanded for the manner in which he shifted down the track at the first turn briefly inconveniencing Try A Fluke NZ (Trevor Warwick).

RACE 4: Talk Show NZ and Swanky Girl galloped away. After the event it was noted that Talk Show NZ had dropped its offside knee boot. Electric Eric (Bill Dornauf) was unable to obtain a clear run rounding the home turn. Dornauf had endeavoured to shift up the track to get a clear run but then was forced to restrain Electric Eric who hung out and contacted the nearside sulky wheel of Fourth Tee flattening that geldings tyre. Dornauf then shifted Electric Eric down towards the rails but was insufficiently clear of Best Cognac (Ricky Duggan) who was checked. Bill Dornauf's driving licence was suspended. Cognac Bay (Sam Rawnsley) was unable to obtain a clear run in the home straight. Close to the finish Meleos (Christian Salter) had drifted up the track slightly against the efforts of the driver. At the same time Talk Show (Jason Mackrill) hung in.

RACE 5: Peter Tritton (Talk About Charles NZ) was reprimanded for contacting and briefly racing inside the pylons. Happy Asset NZ (Anthony Butt) was taken wide early in the event however was unable to move closer to the rails and ultimately tired. Happy Asset NZ did race rough during the event.

Manaville was taken wide from the rear of the field and was unable to move closer to the rails.

RACE 8: Mark Stanley (Prince Marauder) was reprimanded for the manner in which he used his whip in the run to the finish. Triton (Rohan Hadley) broke without interference. Say It Again Sam (Adrian Duggan) was unable to obtain a clear run over the concluding stages of the race.

GENERAL: S. B. McKenzie was reprimanded for his misconduct towards the security guards at the meeting last Saturday 7<sup>th</sup> March. In not issuing a more severe penalty stewards took into consideration mitigating circumstances in relation to the passes that were issued to the staff.

STEWARDS: W KIRBY, M STILES (CHAIRMAN),  
C WHITE, D ANDERSON, A MEDWIN, I BRAY, M WADE,

TRACK: GOOD WEATHER: OVERCAST/FINE

RACE 1: Stewards reprimanded Ken Barron (Diamonds For Cash) for the manner in which he shifted up the track briefly causing Beau Barrington (Darrin Denny) to race rough. Richard Housego (Joriki) was reprimanded for using his whip as he crossed the finishing line when in last placing.

RACE 2: Waratah Joe (Kevin Hall) pulled hard throughout. Fourth Tee (Scott Ford) was unable to obtain a clear run.

A Real Strike (David Kelly) was back from its position at the start. David Kelly was concerned that A Real Strike was not safe in his gear and couldn't be pressured into holding his position. Stewards have placed A Real Strike out of the draw.

RACE 3: Late Bid NZ (Dennis Wilson) was taken wide from the rear of the field and was unable to progress across to lead the onewide line until 800m later.

Stewards queried the driving tactics of Justin Warwick (Ataturk) as to why he went to the rails and left the onewide line. Warwick said he was struggling to keep up and as Our Sir Vancelot NZ had led the field and kept them running he believed that by going to the inside he would be able to save ground. Ataturk was struggling coming off the back straight and under pressure and had every opportunity to improve its position over the last 400m. Sovereign Hill NZ and Son Of Pearl which Ataturk had been trailing in the onewide line finished behind this pacer.

RACE 4: Simply Electric shifted in under pressure as Little Ticket (Gavin Lang) was taking a run inside. Little Ticket shifted up the track and contacted Simply Electric. Dear Participant,

(1) The Club is concerned as we are sure you are, with the possibility of a child being injured in the area of the race day stalls and seeks your help in minimising the potential risks.

It would be appreciated if at any time that you have children in your care, they are maintained under your control and not exposed to unnecessary dangerous situations during a race or trial meeting.

Whilst it is recognized that in lots of cases the children are totally at ease around horses, unfortunately accidents do happen and none of us wants any person injured particularly not children. We hope that you will understand the Club's concern and help us make the environment a little safer.

(2) During the period of the Cadbury Inter Dominion, only people with appropriate passes will be permitted in the restricted stable area. This policy has been arrived at by the Club in consultation with and at the request of Harness Racing Tasmania's Stewards.

The passes will be issued to participating trainers, drivers, nominated strappers and owners of participating horses. Consequently, unless a child is old enough to be acting as a strapper for a specific horse and is issued with the suitable pass, (in which case no other person will be accredited as a strapper for that horse), children will not be admitted to the stabling area.

(3) Where authorized people entering the stables have children in arms the child will be admitted. PRAMS AND STROLLERS WILL NOT BE ADMITTED TO STABLING AREA.

Whilst these provisions have been introduced prior to the Inter Dominion, they are safety issues that will impact on the industry. The conditions will be retained in some form after the Inter. Your understanding and co-operation with these three matters is appreciated.

Van Ransley **SECRETARY**

## BIO-K2000

Assists with one with one of the major problems in our industry.

Which problem? please read on...

We have a  
**100% Money Back Guarantee**  
on our product

The product of the Future available NOW.

**BIO-K 2000** is 100% natural and has been put together by a Master Herbalist and a food scientist and is guaranteed to help prevent bleeding, from the lungs and will assist in the overall health and performance of the horse

*It will help:- strengthen the small blood vessels, improve function of the kidneys, lessen the blood pressure, so minimising the possibility of blood vessels bursting and gives a boost of energy when required.*

**BIO-K 2000** should always be given at night with the feed. This is so it has all night to be taken up by the blood, when the horse exercises in the morning, the spleen vents its supply of blood, (up to 12 litres) and at the end of the exercise, the blood is drawn back into the spleen. Each time the horse is given **BIO-K 2000** and exercised then rested, it retains more and more of the product in the spleen. So, on race day when the horse starts out of the barrier, the spleen vents its 12 litres of blood plus all the stored **BIO-K 2000**, this is the bonus that the horse needs for the extra energy and bleeding control during the race. Full product information, and dosage is supplied with each container

When the recommended dose is followed 1 Kg should last approx 5 to 6 weeks, and it only takes about 5 days to become effective

This represents tremendous value for money

**1Kg of BIO-K 2000 costs only \$120 plus \$10 p/h**

**OLD PHOTOS**

The Club has in its possession many old photos which eventually will find their home in a museum which is a long term goal.

In the meantime, a programme has commenced to have several of them reconditioned. This will involve some replacement of frames, some aren't in frames and some just need a good clean up.

The work is being done progressively and in the short term the finished products will be hung in the Club offices.

Sponsorship of a reconditioning is available at \$60 and this will entitle the sponsor to the recognition plate attached to the photograph, and acknowledgement in the Club's race book.

Inspection and enquiries of the Photographs can be directed to Club office or call on 62 726 121.

## THORATE - WELCOME HOME

The Tasmanian Pacing Club on behalf of the harness racing industry wishes to record its thanks to the family of the late Allen Williams and to Mr Brian Hancock, who together have enabled the Club to present **THORATE** to the patrons here tonight!

It is fitting that he should lead out the field for the final of the Cadbury Inter Dominion.

The Club is pleased and proud to see **THORATE** return to the scene of his 1990 Tasmanian Pacing Championship win, where he competed as the reigning Inter Dominion Champion and the first million dollar earner of any code to race in the State.

Welcome back **THORATE**, a champion in every sense of the word.
